FOUR CORNERS OIL & GAS CONFERENCE

WED THUR

MAY 9TH AND MAY 10TH 2018

VOLUNTEERS

The Four Corners Oil and Gas Conference is organized and staffed by volunteer members of six local organizations.

- ⇒ Society of Petroleum Engineers (SPE) - Four Corners Chapter
- ⇒ American Petroleum Institute (API)- Four Corners Chapter
- ⇒ American Society of Safety Engineers (ASSE) - Four Corners Chapter
- ⇒ Desk and Derrick Club of Farmington (D&D)
- ⇒ National Association of Corrosion Engineers (NACE) - Sandia Mountain Section
- ⇒ Farming ton Chamber of Commerce

Thank you to all of our awesome Volunteers. The conference would not be a success without YOU !!!!

The Farmington Chamber of Commerce is organized for the purpose of serving and advancing the civic and business interests of the City of Farmington and the Four Corners region. The Chamber consists of a volunteer association of business people who coordinate efforts of commerce, industry and professions to maintain a healthy business climate in our community. The Chamber is represented by more than 500 businesses. If you have questions or comments about the Farmington Chamber of Commerce, please give us a call at 505-325-0279.

The Desk and Derrick Club of Farmington (D&D) is a part of a non-profit international organization whose purpose is "to promote the educational and professional development of individuals employed in or affiliated with the petroleum, energy, and allied industries." Since 1957, D&D has maintained its status as a major contributor of energy education through informative programs, onsite field trips, seminars and workshops. Members have opportunities to enhance their communication and leadership skills, to expand their personal and business horizons by networking with industry leaders and colleagues and to be educated in the technology of our ever-changing industry. Membership in D&D is granted to individuals actively employed in, affiliated with, or former retired members from the petroleum, energy, and allied industries. For more information about becoming a member of D&D, please contact Philana Thompson at pthompson@merrion.bz

The Sandia Mountain Section of NACE International provides a forum for fellowship and for knowledge transfer to people involved in the prevention and control of corrosion technology issues. NACE International has become the global leader in developing corrosion prevention and control standards, certification and education. The members of NACE International still include engineers, as well as numerous other professionals working in a range of areas related to corrosion control. The majority of our members are NACE certified field technicians who serve as the front line defense in controlling and mitigating corrosion related issues. NACE INTERNATIONAL SANDIA MOUNTAIN SECTION has been proud to donate to multiple local charities, as well as, educational scholarships throughout the years. The contact information for NACE International Sandia Mountain Section is PO BOX 2165 Bloomfield NM 87413.

David Bounds

With more than 37,000 members worldwide, ASSE is a global association of occupational safety, health (OSH) and environmental professionals that advances the interests of its members and the profession. ASSE members create safer work environments by preventing workplace fatalities, injuries and illnesses. Safer organizations enjoy increased productivity, higher employee satisfaction and a better reputation, while recording less loss time, and lower workers' compensation and healthcare costs. ASSE has 37,000 + members in 80 countries, 153 chapters (143 U.S., 10 global); 39 sections (37 U.S., 2 global); 74 student sections (68 U.S., 6 global).
ASSE FOUR CORNERS CHAPTER is based out of Farmington, NM with 102 members from throughout the Four Corners Region. The Four Corners Chapter meets the third Friday of every month. More information on the Four Corners Chapter can be found at http://fourcorners.asse.org

API is the only national trade association that represents all aspects of America's oil and natural gas industry. Our nearly 400 corporate members, from the largest major oil company to the smallest of independents, come from all segments of the industry. They are producers, refiners, suppliers, pipeline operators and marine transporters, as well as service and supply companies that support all segments of the industry.
For more than 75 years, API has led the development of petroleum and petrochemical equipment and operating standards. The Four Corners Chapter was founded in 1957, and has had more than 400 members. Membership or associate membership in the Four Corners API Chapter is open to anyone who is engaged in the petroleum or an allied industry, or anyone who has an interest in the oil and gas industry. All of the proceeds generated by the Four Corners API Chapter go toward their scholarship program. For information about, the Four Corners API Chapter, it's scholarship program for area students or other chapter activities, contact Asa Oakes 505-860-7139 or P.O. Box 5395, Farmington, N.M. 87499.
